PROFILE

I'm a result oriented UI/UX Designer & Developer with more than 5+ year's experience. I love everything that has to do with Web design, Web development, Graphic design and I feel a true devotion for designing and coding. I work closely with other colleagues involved in projects, such as copywriters, back-end developers. Throughout my career, I have worked effectively in groups and individually.

**Specialties:** My core skills are any complex Mockup designs to HTML quick conversion. Working knowledge in developing responsive designs using HTML5, CSS3, JavaScript, Bootstrap and exposed to visualizing, designing, developing web/mob theme concepts using Adobe Photoshop, Adobe Illustrator, Adobe InDesign, Adobe XD.
